Wireless Eggspert®

Just like the original Eggspert® but without the space and proximity limitations! Six students or teams compete in a Jeopardy!®-like format with egg-shaped answer buttons that send wireless signals back to center unit, lighting up their colored egg if they were the first to answer. Eggspert® can also be switched from the open-floor Jeopardy!® format to randomizer where all eggs flash quickly then slower and slower until one egg is left lit. Features 2.4 GHz for more reliable transmissions. Includes central unit with six colored egg lights, six corresponding wireless egg controllers, a wireless teacher remote, and guide. Requires four "AA" and five "AAA" batteries (not included). Sh. wt. 2.50 lbs.
