

### Standard Ready-or-Not Tot®

**The original manikin that simulates a baby's varying needs!**

**Take the glamour out of teen pregnancy and demonstrate the realities of the real world to your students.**

#### Why Nasco's Ready-or-Not Tots® are the best:

- Offer three different tending programs typical of most babies, to simulate normal baby-tending needs along with fussy periods in each program.
- Provide programmed tending events that are unpredictable to the student, but easy for the teacher to monitor, unlike other simulators.
- Tots cry, coo, and burp in response to appropriate care. Programs are 48 hours in length and run continuously.
- Include a "demo" option.
- Provide teacher with complete control of the child care experience.
- Demand student's attention for periods of 5 minutes to 30 minutes for each tending occurrence. There are 25-27 tending occurrences within each 48-hour time frame (for a total of 7 hours of care).
- Include a "panic" key for quieting difficulties without discontinuing the entire simulation.
- Alert teacher to a student's abuse, panic, or tampering with the control box.
- Newborn-size doll represents a baby of a teen mom — 5 lbs. 8 oz., 20" long.
- Anatomically correct in four ethnicities.

#### Standard Ready-or-Not Tot®

Comes complete with one set of student keys, one set of teacher keys, reproducible parental consent form/permission slip, reproducible student response sheet, teacher correction template, diaper, 9V battery, and instructions. Sh. wt. 9 lbs.

- WA18311H** Extra teacher keys — \$8.50

Insert easy-to-use keys to simulate various types of infant care.

#### Easy-to-Use Teacher Correction Template

You never have to worry if students neglected the manikin. Ready-or-Not Tot® uses set programs so the teacher always knows when the manikin required care. Student response to the manikin's needs are easily checked using the template provided.

#### Standard Ready-or-Not Tot® Control Box

Now you can convert your current G-4 Baby Think It Over® doll into a state-of-the-art, interactive parenting manikin with both positive and negative feedback. The Ready-or-Not Tot® Control Box comes complete with student keys, teacher keys, battery, teacher correction templates, hook-and-loop for installation, and instruction book. Sh. wt. 1.75 lbs.

**WA18876H — \$195.00** 5+ \$165.75

#### Are You Ready for Parenthood? Curriculum

By Kristy Jones.

**Gr. 9+** Designed to help students develop a better understanding of the parent role and become more prepared for parenting responsibilities. Also intended to discourage adolescent pregnancy by encouraging thoughtful examination of the many advantages of delayed parenthood. Designed for male and female secondary school students, it is aimed primarily at any student intending to become a parent at some time in the future. However, students who may already be teen parents will gain increased parenting skills while contributing valuable insights to the challenges confronting adolescent parents. Fifteen ready-to-use daily sessions are presented with reproducible handouts, worksheets, transparencies, and numerous activities. Covers the following topics: What is a Parent?, Parenting Readiness Factors, The Ready-or-Not Tot® Infant Manikin Simulation and Follow Up, Infant Care, Parenting Education, and more. 72 pages, spiral-bound. ©1998. Sh. wt. 1.25 lbs.

**WA19479H — \$24.95**
