**How Much Sugar? Test Tube Display and Life/form® Foods Kit**

Kit includes The How Much Sugar? test tubes (WA16055H) listed below and The Life/form® Sugar and Foods Replica Kit (WA21008H) with the same foods as the How Much Sugar? display and includes realistic food replicas for the following: cola, chocolate bar, gelatin, brownie, cookie, syrup, cereal, toaster pastry, apple pie, and ice cream. **\$151.25 value!** Sh. wt. 6 lbs.

**WA21009H — \$136.50**

**How Much Sugar? Test Tube Display.** Ten test tubes display the amount of sugar, in teaspoons, in the following foods: soda pop, Hershey® bar, Jell-O®, brownie, chocolate chip cookie, pancake syrup, Pop Tart®, apple pie, vanilla ice cream, and Lucky Charms® cereal. Sh. wt. 1.25 lbs.

**WA16055H — \$38.75**

**How Much Salt?**

Displays the amount of salt our body needs daily, the average amount Americans eat, the amount listed in the Dietary Guidelines, as well as the amount of salt, in milligrams, in the following foods: potato, potato chips or tortilla chips, canned chicken noodle soup, homemade soup, pork chop, ham, fast food quarter pound cheeseburger, a typical picnic meal, and ramen noodles. Because consumers are familiar with salt, sodium values have been converted to salt for display in the test tubes. Sh. wt. 0.44 lbs.

**WA16056H — \$34.50**

Caffeine

Sugar

**How Much Sugar & Caffeine?**

These tubes were designed to show students and consumers the outrageous amount of sugar and the potentially dangerous level of sugar and caffeine found in today's popular drink choices. Set display includes the following 8-oz. drinks: Red Bull® and other energy drinks, Mountain Dew®, enhanced water, sports drinks, juice drinks, sweetened ice tea, Starbucks® Mocha Frappuccino®, Starbucks® flavored latte, Kool-Aid®, and a chocolate shake. Two supersized tubes are also included. (Δ1) Sh. wt. 1.50 lbs.

**WA29648H — \$42.95**
