9733667H — \$17.20 6+ \$15.17

Badge-Master® 3 System

Everything you need to start an exciting classroom art program! Manufactured from durable, anodized aluminum. Unbreakable; has no plastic parts.

All badges have a tight, commercial crimp and a more attractive convex surface which replaces the less professional appearing flat surface badge.

A set of four different aluminum dies produces the standard 2 1/4" badge. The crimping die "floats" on springs above bottom die; allows rapid positioning of dies; and the magnet in top die automatically removes completed button. Can be used as a fund-raising project with approximately a 26¢ per unit cost (sold for 50¢ to \$2.00 per badge at school events). Kit includes a bench press, set of four all-aluminum dies (master die is nickel plated for maximum durability), 50 sets of badge parts, and 100 pastel paper circles. Sh. wt. 10 lbs.

9728273H — \$351.70

Nasco Badge Parts

Consists of metal badge front, Mylar® cover disk, and metal badge back with safety clasp pin attached.

2 1/4" pkg. of 100. Sh. wt. 3.50 lbs.

4100106H — \$39.08

2 1/4" pkg. of 500. Sh. wt. 13 lbs.
