

Vollrath® Optio™ Stainless Steel Stockpots with Covers

Excellent Quality

Constructed of high quality stainless steel, these stockpots are impervious to acidic foods, will not pit or discolor, and will not hold flavors. Brushed stainless steel surface and aluminum-clad bottom provide quick and even heat distribution. Bottom is protected by a thin wafer of stainless steel to prevent denting and scratching. Large radius corners minimize food waste and permit easy cleaning. NSF® certified.

9. Presto® 23-Qt. Pressure Canner

Designed for easy, confident pressure canning. Special air vent/cover lock allows pressure to build up only when the cover is closed properly and prevents the cover from opening until pressure is safely reduced. The easy-to-read gauge automatically registers a complete range of processing temperatures. Constructed of extra-strong, warp-resistant aluminum and suitable for use on regular or smooth-top ranges. Includes cooking/canning rack and complete instruction and recipe book. Mason jar capacity: 24 half-pints, 20 pints, or 7 quarts. Sh. wt. 14 lbs.

WA25113H — \$125.25

10. Presto® Stainless Steel 6-Qt. Pressure Cooker

Cooks three to 10 times faster than ordinary cooking methods, even faster than a microwave for many foods. Preserves flavors and nutrients. Stainless steel ensures long-lasting beauty and easy cleaning. Special bimetal-clad base for even heating. Pressure regulator maintains proper cooking temperature automatically. Includes ergonomic handles, cooking rack, and complete instruction/recipe book. UL listed. Twelve-year limited warranty. Sh. wt. 7.50 lbs.

WA18574H — \$72.25

See additional Thermalloy® pans on page 129.

Thermalloy® Aluminum Stockpots

Thickness is the key to durability and performance — and these stockpots offer consistent and even thickness up and down the sidewalls and through the bottom of the pan. Lustrous satin finish. Oversized handles are securely fastened with heavy-duty, leak-proof rivets. NSF® certified.
