

PARENTING SIMULATION MANIKINS TO FIT EVERY NEED AND BUDGET!

These hands-on tools help teens experience the frustration, and appreciate the patience required when caring for an infant.

Whether your budget will allow you to add the economical Love to Care™ simulator to your curriculum, or you can afford the very best with the Enhanced Ready-or-Not Tot®, we offer a full range of simulators to help bring your program to life.

READY-OR-NOT TOT®

Teen Pregnancy Prevention and Basic Childcare Education

- Four Versions
- Simple Directions
- Fast Evaluation
- Anatomically Correct
- Easy Operation
- GREAT VALUE

Nasco's Ready-or-Not Tots® provide the most for your money. They require the student/parent to give multiple types of care with easy recording for the student and quick evaluation and grading for the teacher. Ready-or-Not Tots® are even more classroom friendly with the Intermediate version that has the popular "day care" pause at an affordable price. There are many options for your middle school or high school program.

LOVE TO CARE™

Teen Pregnancy Prevention

- Economical
- Easy to use

Takes the glamour and novelty out of parenting simulation. This plain muslin simulator lets students experience the demands of parenting without all the "fun" of dressing a real-looking baby doll up, showing it off to their friends, etc. Complete description found on page 13.
